MEMORANDUM FOR THE RECORD

SUBJECT: Legislative Matters

1. Mr. Warner met with Admiral Taylor and Colonel White for approximately 45 minutes.

2. The principle item discussed was the proposed Agency legislation. The various sections were discussed. Admiral Taylor had some questions on the exemption of the Agency from the Federal Employees' Pay Act. These were satisfactorily answered. Admiral Taylor raised a question on the necessity for an amendment to the CIA Act of 1949 to raise consultant pay limitations to \$100 a day in view of the broad language in Section 8. Mr. Houston was consulted by phone and stated he would look into this and advise. It was agreed that Colonel White would present the bill to the Armed Services Subcommittee. I also advised that as soon as this decision on the content of the bill had been made, we would forward a letter for Colonel White's signature to the Civil Service Commission requesting their views so that this could be available at the hearing.

3. Project [REDACTED] was then discussed in view of the DD/P's request that I clear with the Director the matter of informing Senator Russell Long of Agency interest. Admiral Taylor had questions concerning the project itself and requested that I advise Mr. Karamessines to get together with Admiral Taylor to go into this.
